

# PRODUCTS OVERVIEW

**EXOPERM ROOF**  
PARTEL.COM

Next generation monolithic technology

- Wind proof but diffusion open
- Available with integrated tapes on both sides

**CONEXO SL**  
PARTEL.COM

Interior and exterior airtight tape

- Reinforced with elasticity
- Split release backing

**VARA PLUS**  
PARTEL.COM

Moisture Variable airtight membrane

- Variable range ensures optimum drying conditions
- Reinforced for optimum strenght

**IZOPERM PLUS**  
PARTEL.COM

Optimum airtight and vapour control membrane

- High performance airtightness
- Reinforced for optimum strenght

**NAILSeal**  
PARTEL.COM

Nail sealing tape to seal between battens and Exoperm

- Prevents water ingress during construction and afterwards

**CONIZO SL**  
PARTEL.COM

Interior window installation tape

- High performance airtight tape
- Split release backing

**EXOPERM WALL**  
PARTEL.COM

Next generation monolithic technology

- Long term resistance to driving rain
- Wind proof but diffusion open

**CONIZO PATCH**  
PARTEL.COM

Patch tape for blown fibre insulation

- High performance airtight tape
- Stable with Acrylic adhesive

**EXOSeal**  
PARTEL.COM

Water and airtight connection

- Easy to install
- Elastic and durable

**ACRABOND**  
LIQUID ADHESIVE

Multipurpose airtight adhesive

- Solvent free
- Durable and flexible

**ACRAPRIME**  
PARTEL.COM

Primer for porous surfaces

- Quick drying
- Workable on cold surfaces

**HELPING HAND**  
PARTEL.COM

Assists with pressure application of tapes

**EXOPERM WALL**
